**BOURSE
AFRICA**

African Markets. Global Opportunities.

First Pan African Exchange and Ecosystem Infrastructure

Bourse Africa is the first pan- African spot and / or derivatives multi asset exchange to offer trading in commodities, currencies, bonds and diamonds, under the regulatory framework of the Non-Bank Financial Institutions Regulatory Authority (NBFIRA). The exchange will have a pan-Africa presence through a hub and spoke model that will connect all the major countries in Africa. Operating out of Botswana, Bourse Africa is accredited to the Botswana International Financial Services Centre (IFSC).

Bourse Africa will serve financial and commodity market participants and investors, both African and international, to provide possibilities for hedging, arbitrage and investment. The exchange will catalyse improved performance in African commodity and financial markets through enhancing price discovery, market transparency, risk management, cross-border economic integration, finance and investment on the Continent.

“Bourse Africa will seek to realize the historic promise of African economic integration on one hand, and on the other, to catalyse Africa’s increased engagement with international markets.”

Chris Goromonzi

Executive Director - Bourse Africa Limited

“The successful implementation on our continent of a proven financial and commodities trading platform of global repute will create new opportunities and innovation for many more Africans.”

Alan Boshwaen

Chief Executive Officer - IFSC

“Through Bourse Africa, we envisage a level playing field for African stakeholders in global financial and commodity markets. The exchange will bring to the continent modern financial instruments seen in other regions of the world.”

Lamon Rutten

Joint Managing Director - MCX

“Bourse Africa is another step towards achieving our vision. It is our tenth exchange and first in Africa with hub and spoke model. The exchange will connect all major African countries to create a pan-African platform for trading within the continent and with rest of the world.”
